TEN KILLED IN TRAIN CRASH.

Caboose in Which Nebraska Farmers Were Riding Demolished.

ELWOOD, Neb., Oct. 16.—Ten men were killed and eleven seriously injured when a train on the Burlington railroad crashed into the freight caboose in which they were riding, twelve miles east of here yesterday. Five men standing on the rear platform of the caboose saw the train in time to jump to safety. One man in the caboose was

thrown clear of the wreck and escaped injury.

Lack of lights and warning signals are given as the cause of the accident. All the victims are residents of Nebraska towns of western and central parts of the state, most of them being farmers or stockmen.

LARGER VERDICT AGAINST GREENWOOD

County Court Allows \$40 More than Municipal Court—Jury Hearing Doyle vs. Strout Agency.

County court resumed sessions again this afternoon at 2 o'clock with the jury back in attendance to hear the Lottie Doyle suit against the Strout farm agency. There are still some court matters and one or two divorce cases which may be heard at the conclusion of this case, which is the last jury trial set for this term of the court.

Judge Slack handed down a decision Saturday afternoon in the suit of F. D. and H. A. Tucker against A. J. Greenwood of Pawlet, appealed from the decision of the Brattleboro municipal court which awarded \$175 as pay for the board of a son of the defendant. The plaintiffs in the case are grandparents of the boy. Judge Slack awarded \$198.54, or \$40 more than the municipal court allowed.

Attorney O. B. Hughes appeared for the plaintiffs and Fred H. Spaulding of Springfield for the defendant.

HON HELD FOR LARCENY.

Young Man With Bad Record Again in Toils.

RUTLAND, Oct. 16.—Clarence Hon of Middletown Springs, who has served time in the state industrial school and also at the house of correction, was arrested Friday afternoon by Officer T. C. Edworth and Deputy Sheriff D. A. Barber, on a warrant issued by State's Attorney C. V. Poulin, charged with petit larceny.

It is claimed that the young man, who is about 21 years of age, has been working for various farmers in the town of Pittsford; that at least two places he stole money while the families were absent. At one place about two weeks ago it is claimed Hon got away with \$11 and that last Thursday he stole \$13 from a man by the name of Daley.

Hon was picked up on the streets Friday afternoon by Officer Edworth and later it is understood he admitted his guilt to the officers. He will probably be given a hearing today.

FOUR DIE IN AUTO CRASH.

Interurban Car at Oberlin, O., Struck Stalled Machine.

OVERLIN, Ohio, Oct. 16.—John Hughes, Jr., wealthy stock breeder, his wife, one daughter and Mrs. George Hollingsworth, a neighbor, were killed and a second daughter severely injured last evening when an interurban car struck the automobile in which the party was crossing the car tracks in the front lawn of the Hughes country home. The engine of the automobile failed when the machine was on the track and a sharp curve prevented a view of the approaching car. Lenore Hughes, the 11-year-old daughter who is injured, is the only survivor of the family.

Lawrence of Brattleboro was discharged from the same institution today after being there two weeks for treatment to an injured leg.

FOR RELIEF IN WESTERN ASIA.

Christian Herald Leads with \$15,000 for Armenia.

NEW YORK, Oct. 16.—The first large gift—\$15,000—in response to President Wilson's appeal for the suffering Armenians and Syrians reached the office of Charles R. Crane, treasurer of the American Committee for Armenian and Syrian Relief, 70 Fifth avenue, Saturday, from the emergency relief fund of the Christian Herald. The check makes a total of \$20,000, which the Christian Herald has sent to Armenia; \$5,000 having been called some time ago through the state department to representatives of the committee in Turkey.

The emergency relief fund of the Herald has sent large sums from time to time to stricken areas in China, India, Japan and various portions of the world. The management, however, stated that the great need for the immediate future is in western Asia, where non-combatant people, through no fault of their own, have been caught between the upper and nether millstones, resulting in famine and destitution that is perhaps without parallel in modern history.

PUTNEY.

A hash supper will be served in the Congregational church Tuesday evening, Oct. 17, from 6 to 8 o'clock.

These Cold, Snappy Days Call For Warm Winter Coats

For style and comfort you will find no garments superior to those now on display.

Style correctness is assured you because each model has been designed by the leading fashion designers in America.

The texture of the fabrics, the beautiful new colorings, the smart tailoring, and the artistic finish are your surety of satisfactory wear.

There is a wide choice of materials in warm cloakings of Bolivia cloth, wool velours, chevots, pebble weave worsteds, zibelines, broadcloths and mohair mixtures.

Of course, we have a model for every figure. There are coats in which the slender figure fills out the lines of the garment with the bouffant flare that is so much the style feature of this season.

Other coats for the small woman—designed upon lines that bring out womanliness instead of girlishness.

Still others make the tall woman look shorter and the short woman taller—in brief, whatever your figure, we have a coat that will just suit you. The Prices Range from \$8.98 to \$35.00.

We shall be glad to show these coats at your convenience. The wise purchaser will come early, however, while the assortment of sizes and fabrics is at its best.

The Harvest Season

has come again and we are all interested to ascertain just what returns nature will make as a reward of the labor of mankind.

It is in the season of plenty that the thrifty and forehanded among us store up a surplus for the lean years or for those that we are spared to after our ability to work and produce ceases.

But what about your INCOME HARVEST? Are you planning to have this increase yearly? Are you gathering "seed," and are you planting it in soil where productivity is guaranteed? No crop is more certain under healthy conditions than the INCOME CROP and none needs less attention so far as the average person is concerned, considering the present security afforded by an old and conservatively managed bank. Get next and be relieved of all concern as to what to do with the dollars as you reap them and throw the responsibility upon our shoulders of making them multiply.

It is your work to produce and ours to conserve. Between us the most satisfactory results in the way of an INCOME HARVEST can be assured.
